## DECISION AND ORDER

Enbridge Pipelines Inc. filed an application on December 8, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a renewal of its electricity wholesaler licence.

This Decision and Order is being issued by the Delegated Authority pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

The applicant was previously licensed by the OEB as an electricity wholesaler, however its licence expired on April 6, 2021. Enbridge Pipelines Inc. acknowledged that it has been operating in the wholesale electricity markets without a licence since April 7, 2021.

After considering the technical and financial capability of the applicant, the OEB finds that it is in the public interest to approve the application and issue an electricity wholesaler licence to Enbridge Pipelines Inc. given its participation in the electricity wholesale markets is necessary to its ongoing operations. The granting of this licence is without prejudice to any future compliance action regarding Enbridge Pipelines Inc.'s operating without a licence.

### IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.
