Dear Ms. Marconi:

**Re: EB-2020-0290 – Ontario Power Generation Inc., 2022-2026 Payment Amounts
Quinte Manufacturers Association Cost Claim**

The Quinte Manufacturers Association (“QMA”) was unable to properly file its cost claim for the above-noted proceeding, which is due today, on the new OEB online system for filing cost claims. A RESS filing confirmation number (#46554) was received, however all the necessary documentation could not be loaded correctly because it appears that the filing system is unable to accept hourly costs that are claimed at a rate less than the \$330.00/hour rate set by the Board. This problem was unexpected.

The QMA has been in touch with Board Staff in an effort to resolve the problem without success. As a result, the QMA will not be able to complete the filing by midnight tonight as required.

The QMA respectfully requests an extension to the filing deadline to allow for the proper filing of the cost claim documents through the online system. In the interim, and for the Board’s convenience, the QMA’s cost claim documents have been forwarded to Mr. J. Pickernell, Manager, Applications Administration.

If you have any questions concerning the attached, please contact the undersigned at (c) 613-845-5563 or mdmcl@kos.net. Thank you for your consideration of this request.

Sincerely,

Michael McLeod
