**Regarding: EB-2021-0052 – Ottawa River Power Corporation 2022 Cost of Service Application for rates effective May 1, 2022 (the “Application”)**

Dear Ms. Marconi,

On January 12, 2022, Ottawa River Power Incorporated ("ORPC") informed the Ontario Energy Board ("OEB") that, as a result of the January 10-11, 2022 settlement conference, ORPC and the parties were working towards filing a complete settlement agreement on all issues by February 8, 2022.

On February 8, 2022 ORPC, on behalf of the parties, requested and was granted an extension for the filing of a Settlement Proposal to February 18, 2022.

While the parties have continued to work diligently towards the filing of a complete settlement agreement there remains some issues that require additional time to finalize before the parties are able to file the proposed complete settlement agreement. Accordingly, ORPC and the parties respectfully request a further extension for the filing of a settlement agreement to February 25, 2022, which will provide an additional 4 business days (as February 21, 2022 is Family Day) to finalize and file a complete settlement agreement. Please direct any questions or correspondence in this matter to the undersigned.

Yours truly,

Justin Allen
