Dear Mr. Allen:

Re: Ottawa River Power Corporation (Ottawa River Power)
Application for 2022 Rates – Request for Extension of Settlement Proposal
Date
Ontario Energy Board File Number: EB-2021-0052

The Ontario Energy Board (OEB) has received Ottawa River Power's letter dated February 18, 2022, requesting an extension to the date for filing a settlement proposal from February 18, 2022, to February 25, 2022. In its letter, Ottawa River Power explained that the reason for the delay is that there remain some issues that require additional time to finalize before the parties can file the proposed complete settlement agreement.

The OEB grants the requested extension. Ottawa River Power shall file with the OEB and serve on all parties any settlement proposal by February 25, 2022. As a result of the extra time needed to work towards a settlement agreement, an adjustment is also being made to the date by which OEB staff is to file any submission on a settlement proposal, which is now due by March 4, 2022.

Yours truly,

Nancy Marconi
Registrar
