Dear Ms. Heinz:

**Re: Application by Independent Electricity System Operator (IESO), in its capacity as the Smart Metering Entity, to provide access to de-identified electricity consumption data to third parties that are Canadian Governmental Entities
OEB File Number: EB-2021-0292**

Procedural Order No. 1 made provision for a settlement conference starting January 17, 2022 and tentatively scheduled March 4, 2022 for the applicant to present any settlement proposal to the Ontario Energy Board (OEB).

On February 15, 2022, the IESO filed a settlement proposal with the OEB. The settlement proposal reflects a full settlement. On February 23, 2022, OEB staff provided its submission on the settlement proposal.

The OEB has reviewed the settlement proposal and does not find it necessary to have the settlement proposal presented. The presentation of the settlement proposal on March 4, 2022 is cancelled. A decision on the settlement proposal will follow in due course.

Yours truly,

Nancy Marconi
Registrar
