**Subject:** GA background information

Good morning,

I have attached some additional information regarding the Historic Power Agreement and the Global Adjustment. FFPC was audited in 2011/2012 on Group 1 and 2 deferral accounts, at which time the Global Adjustment True up Process was reviewed and approved. Around the same time of this audit the Ontario Regulation changed at which point there was a review of the Historic Agreement and the GA for the years 2005-2010 were adjusted to represent the true Cost of Power to the customers in Fort Frances.

I will forward the rest of the information later today as we are having a family emergency.

Regards,

*Marah Trivers*
