Dear Ms. Marconi:

**Re: Enbridge 2022 to 2027 Demand Side Management (“DSM”) Plan  
EB-2021-0002**

Enclosed please find the presentation for presentation day on the evidence of Dr. Heather McDiarmid. I have also enclosed an addendum that updates the cost-effectiveness calculation in Dr. McDiarmid’s evidence based on the IESO avoided electricity cost figures discussed during the technical conference. A spreadsheet is also enclosed to provide further clarity on the calculations. If Enbridge has any questions regarding the calculations, Environmental Defence would be happy to forward those along to Dr. McDiarmid and endeavour to provide responses to those questions prior to the hearing.

Yours truly,

Kent Elson
