Dear Ms. Marconi,

**RE: EB-2022-0072 Consultation to Review Annual Update to Five-Year Natural Gas Supply Plan of Enbridge Gas Inc.
Energy Probe Participation and Cost Eligibility Request Letter**

In its letter of March 11, 2022, the OEB indicated that it is initiating a consultation, EB-2022-0072, to review Enbridge Gas Inc.'s Annual Update to its Five-year Natural Gas Supply Plan. The OEB encouraged participation in this consultation process by all interested parties. Energy Probe Research Foundation (Energy Probe) applies to participate in the EB-2022-0072 consultation and requests that it be eligible for the recovery of the costs for its participation.

Statement of Interest

Energy Probe is a non-profit environmental and consumer organization which promotes economic efficiency in the use of resources. It will be representing its many individual customer supporters. Energy Probe argues for equitable rates that optimize results for all ratepayers by eliminating cross subsidies between ratepayer classes and between generations of ratepayers. It promotes sustainable resource use through individual responsibility and accountability. More information about Energy Probe can be found on the OEB website.

Phone: (416) 964-9223 Fax: (416) 964-8239 E-mail: EnergyProbe@nextcity.com Internet: www.EnergyProbe.org

Energy Probe has been a responsible participant in OEB proceedings for over thirty years. In this consultation process, Energy Probe will focus on the cost-effectiveness, reliability, and security of natural gas supply for residential customers. Energy Probe intends to participate in the Stakeholder Conference.

Costs

Energy Probe is a non-profit organization which relies on individual donations to help protect the public interest. Without the prospect of an award of costs, Energy Probe's ability to participate in the consultation process would be very limited. Energy Probe intends to seek a cost award for this consultation process in accordance with the instructions in Appendix A of the OEB's March 11, 2022, letter.

Representation

Energy Probe will be represented by its consultants: Tom Ladanyi MAsc., P.Eng., CPA, CMA, and Roger Higgin, PhD, MBA, P.Eng. Their CVs are on file with the OEB.
