DECISION AND ORDER ON COST AWARDS

EB-2015-0245

Natural Gas Demand Side Management

Evaluation Advisory Committee

By Delegation Before: Theodore Antonopoulos
Vice President, Applications Division

March 22, 2022

Revised: March 28, 2022

OVERVIEW

On August 21, 2015 the Ontario Energy Board (OEB) issued [a letter](#) establishing the process to evaluate the results of Natural Gas Demand Side Management (DSM) programs from 2015 to 2020. As part of the OEB's evaluation process, an Evaluation Advisory Committee (EAC), made up of experts representing both utility and non-utility stakeholders was formed. In the August 21, 2015 letter, the OEB stated that cost awards would be available to eligible persons under section 30 of the *Ontario Energy Board Act, 1998* in relation to their participation in the EAC.

Based on the criteria set out in section 3 of the OEB's *Practice Direction on Cost Awards*, the OEB determined that the following persons are eligible (the Eligible Participants) for an award of costs:

- Chris Neme, Energy Futures Group
- Jay Shepherd, Shepherd Rubenstein Professional Corporation
- Dr. Ted Kesik, University of Toronto
- Robert M. Wirtshafter, Wirtshafter Associates, Inc.

The August 21, 2015 letter indicated that costs awarded will be recovered from all rate-regulated natural gas distributors based on their respective distribution revenues. This apportionment was consistent with the methodology that was in place at the time for allocating costs for cost assessment purposes under section 26 of the OEB Act.

In accordance with the Cost Assessment Model, the OEB will apportion costs amongst distributors class based on customer numbers.

On February 10, 2022, the OEB issued a Notice of Hearing for Cost Awards in relation to EAC activities from June 1, 2021 to December 31, 2021. The OEB received cost claims from Chris Neme, Energy Futures Group, Jay Shepherd, Shepherd Rubenstein Professional Corporation, Dr. Ted Kesik, University of Toronto and Robert Wirtshafter, Wirtshafter Associates, Inc. On February 25, 2022, Enbridge Gas Inc. filed a letter stating that it had no objections with the cost claims. No comments on cost claims were received by EPCOR Natural Gas Limited Partnership.

Findings

The OEB has reviewed the cost claims filed to ensure they were compliant with the OEB's *Practice Direction on Cost Awards*.

The OEB finds that the claims are reasonable and within the maximum number of hours eligible for cost awards. The OEB approves cost awards for the Eligible Participants as follows:

- Chris Neme, Energy Futures Group \$2,392.50
- Jay Shepherd, Shepherd Rubenstein Professional Corporation \$7,085.10
- Dr. Ted Kesik, University of Toronto \$6,105.00
- Robert M. Wirtshafter, Wirtshafter Associates, Inc. \$4,207.50

Process for Paying the Cost Awards

The amount payable by each rate-regulated natural gas distributor in relation to costs awarded to each Eligible Participant is listed in Schedule A to this Decision and Order. However, the amounts will not be paid directly by the distributor to the Eligible Participant.

The OEB will use the process set out in section 12 of the *Practice Direction on Cost Awards* to implement the payment of the approved cost awards whereby the OEB will act as a clearing house for all payments of cost awards. Consistent with this process, each distributor is issued one invoice that covers all cost awards payable for the relevant period. As a result, the invoice may cover cost awards payable in relation to a number of proceedings and consultations, including this proceeding.

To address the OEB's costs, including expert DSM evaluation consultant costs, the OEB will proceed by way of progress billing and invoice the distributors on an ad hoc basis. This will ensure timely billing for all parties as the OEB's evaluation activities included within this consultation process can span multiple financial years.

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. Each distributor listed in Schedule A to this Decision and Order will receive an invoice from the OEB that includes the total costs set out in Schedule A.
2. Each distributor in Schedule A to this Decision and Order shall make a payment to the OEB in accordance with the invoice referred to in paragraph 1. The payment shall be due at the same time as all other cost assessments under section 26 of the OEB Act.

DATED at Toronto Revised March 28, 2022
