Dear Ms. Walli:

**EB-2008-0065 – Enbridge Gas Distribution Leave to Construct in Thorold – Hydro One Networks Intervention**

In response to the Ontario Energy Board's Notice of Application dated July 21, 2008, Hydro One Networks Inc. ("Hydro One") hereby gives notice of its intention to intervene in the above-noted proceeding. Hydro One intends to participate in the proceeding as necessary to determine issues, clarify or test evidence through interrogatories, and, if required, provide submissions and/or argument on issues pertinent to its interests. Specifically, Hydro One's interest in this proceeding arises from the potential impact of the new pipeline on existing Hydro One transmission and distribution lines.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. As the largest Ontario licensed transmitter whose connection procedures were recently also reviewed, Hydro One Networks has significant interest in the issues raised in EB-2008-0065.

Hydro One is satisfied if the Board conducts the review of this Application using a written hearing process.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Hydro One requests that documents filed with the Board in this proceeding be served as follows –
