INTRODUCTION AND PROCESS

EPCOR Natural Gas Limited Partnership (EPCOR) applied for an order or orders approving or fixing just and reasonable rates and other charges for the sale and distribution of natural gas for its South Bruce operations commencing effective April 1, 2022 (the Application). The Application was made pursuant to section 36(1) of the Ontario Energy Board Act, 1998 and in accordance with the Quarterly Rate Adjustment Mechanism (QRAM) established by the Ontario Energy Board (OEB) for dealing with changes in gas commodity costs.

The OEB issued its Decision and Order on March 24, 2022 (Decision) which did not approve EPCOR's application to recover the \$380,000 credit in the Purchase Gas Commodity Gas Variance Account (PGCVA) over 24 months, starting April 1, 2022. Instead, the OEB approved the recovery of the PGCVA credit over 12 months and directed EPCOR to file a draft rate order with customer rate impacts and supporting information.

EPCOR filed a draft rate order, customer rate impacts, and supporting information on March 28, 2022.

OEB staff filed a letter of comment indicating that it was satisfied that the evidence submitted aligns with the OEB's Decision.

FINDINGS

The OEB has reviewed the draft rate order and is satisfied that the rates accurately reflect the Decision. Recovering the PGCVA credit over 12 months results in a reference price of \$0.206701 per m³ and a gas supply charge of \$0.199961 per m³. The result is a 33.5% (or \$107.91) annual commodity price increase and an annual total bill increase of 9.6% (or \$150.03).

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. The rates approved for EPCOR South Bruce as part of the decision and rate order EB-2021-0309, dated December 16, 2021, shall be superseded by the rates as provided in Appendix A to this Rate Order.
2. The rates shall be effective April 1, 2022 and shall be implemented in EPCOR's first billing cycle commencing in April 2022.
3. The reference price for use in determining the amounts to be recorded in the Purchase Gas Commodity Variance Account (Account No.179-27) shall increase by \$0.050983 per m³ from the previous OEB approved level of \$0.155718 per m³ o **\$0.206701** per m³.
4. The balance in the Gas Purchase Rebalancing Account shall be prospectively cleared. The resulting gas supply charge will increase from the previous OEB approved level of \$0.149747 per m³ to **\$0.199961** per m³ as noted in Appendix A to this Decision and Rate Order.
5. EPCOR must ensure its customers are made aware of the rate increase.
6. EPCOR shall pay the OEB's costs incidental to this proceeding upon receipt of the OEB's invoice.

ISSUED at Toronto, March 30, 2022

Unaccounted for Gas (UFG):

Forecasted UFG is applied to all volumes of gas delivered to the customer.

Forecasted Unaccounted for Gas Percentage 0.00 %

Overrun Charges:

Any volume of gas taken during the period of December 16 through April 30 inclusive shall constitute “Overrun Gas” and must be authorized in advance by EPCOR. Delivery of these volumes is available at the Authorized Overrun Charge in addition to applicable Upstream Charges and Gas Supply Charges. EPCOR will not unreasonably withhold authorization.

Authorized Overrun Charge 16.8083 ¢ per m³

Any volume of gas taken during the period of December 16 through April 30 inclusive without EPCOR’s approval in advance shall constitute “Unauthorized Overrun Gas”. Delivery of these volumes will be paid for at the Unauthorized Overrun Charge in addition to applicable Upstream Charges and Gas Supply Charges.

Unauthorized Overrun Charge 402.5107 ¢ per m³

For any volume of Unauthorized Overrun Gas taken, the customer shall, in addition, indemnify EPCOR in respect of any penalties or additional costs imposed on EPCOR by its suppliers, any additional gas cost incurred or any sales margins lost as a consequence of the customer taking the unauthorized overrun volume.

Nominations:

Union Gas Limited will be the “Upstream Service Provider” to facilitate delivery and balancing of gas supplies to the EPCOR South Bruce Natural Gas System. For service under this Rate Schedule, the customer shall nominate for transportation of gas volumes for ultimate delivery to the customer. The customer agrees to nominate its daily gas volumetric requirement to EPCOR, or its designated agent, consistent with industry nomination standards including those nomination requirements of the Upstream Service Provider.

The customer shall nominate gas delivery daily based on its daily gas requirements plus the Forecasted UFG rate as set out in this Rate Schedule.

The nomination calculation shall equal:

$$[(\text{Daily volume of gas to be delivered}) * (1 + \text{Forecasted UFG})]$$

Customers may change daily nominations based on the nomination windows within a day as defined by EPCOR’s agreement with the Upstream Service Provider.

In the event nominations under this Rate Schedule do not match upstream nominations, the nomination will be confirmed at the upstream value.

Customers with multiple connections under this Rate Schedule may combine nominations at the sole discretion of EPCOR. For combined nominations the customer shall specify the quantity of gas to each meter installation (“Terminal Location”) and the order in which the gas is to be delivered to each Terminal Location.

Load Balancing:

Daily nominations provided by the customer shall be used for the purposes of day-to-day balancing as required under EPCOR’s arrangement with the Upstream Service Provider.

When a customer’s metered consumption on any day is different than the gas nominated for consumption by the customer on any day, this constitutes a “Daily Load Imbalance”. A “Cumulative Load Imbalance” occurs when the ongoing absolute value of Daily Load Imbalances are greater than zero.

To the extent that EPCOR incurs daily or cumulative load balancing charges, the customer will be responsible for its proportionate share of such charges. Charges related to these imbalances are as defined in EPCOR’s agreement with the Upstream Service Provider.

Direct Purchase Delivery

Where a customer elects under this Rate Schedule to directly purchase its gas from a supplier other than EPCOR, the customer or their agent must enter into a T-Service Receipt Contract with EPCOR for delivery of gas to EPCOR at a receipt point listed on the upstream transportation contract that EPCOR has with the Upstream Service Provider (“**Ontario Delivery Point**”). T-Service Receipt Contract rates are described in Rate Schedule T1. Transportation and Storage charges may vary depending on the Ontario Delivery Point. Gas Supply Charges in this Rate Schedule are not applicable for Rate T1 customers.

Terms and Conditions of Service

1. In any year, during the period of May 1 through December 15 inclusive, the customers shall receive continuous (“**Firm**”) service from EPCOR, except where impacted by events as specified in EPCOR Natural Gas Limited Partnership South Bruce Natural Gas Operations Conditions of Service including force majeure. During the period of December 16 through April 30 inclusive, any authorized overrun service shall be interruptible at the sole discretion of EPCOR. All service during the period December 16 through April 30 inclusive shall be subject to EPCOR’s prior authorization under the daily nomination procedures outlined in this Rate Schedule and shall constitute Overrun Gas.
2. To the extent that EPCOR’s Upstream Service Provider provides any seasonal or day-to-day balancing rights for EPCOR, the customer shall be entitled to a reasonable proportion of such balancing rights as determined by EPCOR from time to time. If the customer utilizes any of EPCOR’s seasonal or day-to-day balancing services or any other services available from the Upstream Service Provider, the customer agrees to comply with all balancing requirements imposed by the Upstream Service Provider. The customer also agrees to be liable for its share of any such usage limitations or restrictions, fees, costs or penalties associated with the usage of such services, including but not limited to any associated storage fees, daily or cumulative balancing fees or penalties, and gas commodity costs as determined by EPCOR, acting reasonably.
3. EPCOR receives upstream services under the Union Gas Limited M17 Rate Schedule. Details of this upstream arrangement and associated nomination standards and Load Balancing Arrangement are available at www.uniongas.com.
