Dear Ms. Walli:

Re: Request for Amendment to Hydro One Networks Inc. Electricity Distribution Licence ED-2003-0043 with respect to Hydro One's Customer at 800 Second Street West in City of Cornwall

Hydro One Networks Inc. ("Hydro One") is applying under Section 74 of the *Ontario Energy Board Act, 1998* to amend its Electricity Distribution License ED-2003-0043 ("the licence") to transfer the former Domtar Mill customer ("the customer"), 800 Second Street West in City of Cornwall, to Cornwall Street Railway Light and Power Company Limited ("Cornwall Electric").

The customer is geographically located in Cornwall Electric's service area and currently supplied by Hydro One's 44 kV service. The customer wants to cancel the 44 kV service connection to the site, as there is no longer any requirement for it, and continue with distribution voltage service. Since Hydro One has only 44 kV service available in the area, it is proposed that the customer be transferred to and served by Cornwall Electric at their local distribution voltage.

Pursuant to this matter, Hydro One requests the Board remove from its licence the customer information which is placed under Appendix B - Tab 5 where the customer's address is indicated, and add the customer's information to Cornwall Electric's Licence ED-2004-0405 as shown in the attachment to this letter.

If you require any clarification on the amendment, please contact Yoon Kim at (416) 345-5228.

Respectfully submitted,
