April 14, 2022

DECISION AND ORDER

Aypa Power Canada LP (Aypa) filed an application on February 11, 2022, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for an electricity storage licence.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

Aypa owns and operates a 2 MW battery storage facility located in Oakville, Ontario, which has been in commercial operation since 2018. Aypa intends to participate in the Independent Electricity System Operator's Operating Reserve market using this storage facility.

After considering the application and assessing technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the electricity storage licence to Aypa Power Canada LP.

IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.
