**Re: Reliability and Power Quality Review Working Group – OEB File No. EB-2021-0307**

Dear Registrar,

On behalf of London Hydro, I would like to express interest in participating in the RPQR WG. As the Director of Systems Engineering overseeing Planning, Asset Management, and Reliability at London Hydro, I look forward to working collaboratively with the WG representatives on technical issues and challenges, as well as assist OEB staff in the development and implementation of benchmarking, customer-specific reliability and reliability analytics.

Kind Regards,
