## OVERVIEW

Ottawa River Power Corporation (Ottawa River Power) filed a cost of service application with the Ontario Energy Board (OEB) on September 30, 2021, seeking approval for changes to the rates that Ottawa River Power charges for electricity distribution, beginning May 1, 2022. The OEB granted School Energy Coalition (SEC) and Vulnerable Energy Consumers Coalition (VECC) intervenor status and cost award eligibility.

On March 24, 2022, the OEB issued its Decision and Rate Order in which it set out the process for cost claims.

The OEB received cost claims from SEC and VECC. No objections were received from Ottawa River Power.

## Findings

The OEB has reviewed the cost claims to ensure that they are compliant with the OEB's *Practice Direction on Cost Awards*.

The OEB finds that the cost claims of SEC and VECC are reasonable and shall be reimbursed by Ottawa River Power.
