Attention: Ms. Nancy Marconi, Registrar

Dear Ms. Marconi:

**Re: Wataynikaneyap Power LP - Application for Approval of 2023 Electricity Transmission Rates (EB-2022-0149) - Confirmation of Personal Information & Clarification Re Certain Redaction**

On behalf of Wataynikaneyap Power LP (“WPLP”), the undersigned hereby confirms that the documents filed in support of the above-referenced application do not include any personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*) of a person who is not a party to the proceeding. As such, rule 9A of the OEB’s *Rules of Practice and Procedure* does not apply with respect to these documents, and the documents as filed may be placed on the public record in accordance with rule 9.02.

WPLP also wishes to clarify that there is one item in the application which was inadvertently redacted during the process of preparing the consolidated application document for filing. Specifically, on p. 55 of the Fortis Inc. 2021 Annual Report, which is filed as Attachment 4 to Exhibit A-7-1, one of the two signatures appearing on that page is redacted. WPLP did not request for that signature to be redacted and had no intention to do so. Due to the immaterial nature of this information, WPLP does not intend to file an updated version of the application. However, the same 2021 Annual Report is publicly available on Fortis’ website without redaction at the following [link](#)

Sincerely,

Duane Fecteau
