Dear Ms. Marconi:

Re: EB-2021-0002 – Enbridge Gas Inc. (EGI) 2022-2027 DSM Plan Application.

Industrial Gas Users Association (IGUA) – Request for Extension to File IGUA's Final Argument

I write to request a one day extension for filing of IGUA's Final Argument in this matter.

IGUA's annual member seminar is to be held in person in Quebec this week. Because of travel and other aspects of the program commencing today, final review with IGUA's members of the submission will be scheduled for Thursday morning. I will then be travelling Thursday afternoon, and in the result it may be difficult to attend to any resulting revisions for filing on Thursday. With the OEB's leave we would like to be able to file IGUA's Final Argument as late as end of day Friday (if required), to ensure that final instructions are properly reflected in the submission as filed.

I have alerted EGI to this request through counsel and have been advised that in the unique circumstances outlined above, and given IGUA's relatively narrow focus in this matter on the large volume customer direct access DSM program, EGI takes no objection to this request.

We appreciate the Board's consideration.

Yours truly,

Ian A. Mondrow
