Dear Ms. Walli:

**Re: Union Gas and Enbridge Gas Distribution 2008 Rates;
Board File Numbers EB-2007-0606 and EB-2007-0615**

The Board issued a Notice of Application dated May 25, 2007 commencing a joint proceeding to determine the 2008 distribution rates for Union Gas Limited and Enbridge Gas Distribution Inc. ECNG Energy L.P. ("ECNG") wishes to confirm its interest in participating as an Intervenor in this proceeding.

The evolution of the electricity and natural gas markets in Ontario is of vital interest to ECNG and its clients - industrial, commercial and institutional corporations with over 10,000 end-use meter locations. Each of the consumers has access to reasonably-priced natural gas distribution services today. Any potential changes to these services and rates will have a significant impact on these corporations at their thousands of end-use locations.

We do not anticipate submitting evidence or actively participating in the hearing at this time. We do however reserve the right to file evidence and submit Argument should the issues warrant such a level of participation. We wish to receive all documents issued by the Board in this matter. Further, we request delivery of all submissions made by all participants. Electronic delivery is acceptable.

ECNG will not be seeking costs in this proceeding.
