Re: Upcoming Service Area Amendment Application

Dear Ms. Marconi,

Entegrus Powerlines Inc. ("Entegrus") wishes to notify the OEB that it is in the process of finalizing a Service Area Amendment Application (the "Application"), pursuant to Section 74(1) of the Ontario Energy Board Act, 1998. The purpose of the Application is to amend the licensed service area of Entegrus as described in Schedule 1 of its Distribution Licence ED-2002-0563 to include a Hydro One industrial customer (and associated property) located in St. Thomas, Ontario. Entegrus has long served as the physical distributor for this customer and continues to do so.

Entegrus is now commencing the co-ordination of information requests with the Hydro One, as the incumbent distributor, in accordance with the principles articulated in the Board's Filing Requirements for Service Area Amendment Applications, dated March 12, 2007, and included as Chapter 7 of the Filing Requirements for Transmission and Distribution Applications, together with the Board's Decision with Reasons in the RP-2003-0044 combined service area amendments proceeding

Entegrus respectfully requests that the OEB provide a docket number for the SAA in advance of filing.

If you have any questions, please do not hesitate to contact me via the details shown below.

Sincerely,
