Dear Mr. Mondrow:

**Re: Request for Intervenor Status and Cost Eligibility
Enbridge Gas Inc.
Dawn to Corunna Replacement Project
Ontario Energy Board File Number: EB-2022-0086**

This letter is in response to your letter dated June 1, 2022, filed on behalf of the Industrial Gas Users Association (IGUA), requesting intervenor status and cost eligibility in the above proceeding. IGUA is approved by the OEB as an intervenor and is eligible to apply for an award of costs.

IGUA's intervention request letter was filed after May 9, 2022, which was the deadline for requesting intervention status and cost eligibility.

IGUA noted that the OEB issued Procedural Order No. 1 on May 24, 2022, and that interrogatories to Enbridge Gas are due on June 10, 2022. IGUA stated that it anticipates being able to abide by this deadline.

IGUA noted that it is a frequent intervenor in OEB proceedings. IGUA expressed an interest in the following specific aspects of the current proceeding:

- a) The reliability of the Enbridge Gas system in the Sarnia industrial complex area
- b) The reliability risk posed by the [existing] assets in question and the veracity and appropriateness of the [proposed] solution

Enbridge Gas filed a letter on June 3, 2022, stating that it did not object to IGUA's intervention request.

IGUA is approved as an intervenor and is eligible to apply for an award of costs under the OEB's *Practice Direction on Cost Awards*. IGUA is encouraged to file its intervention requests by the established deadline in future.

Yours truly,

Nancy Marconi
Registrar
