Dear Ms. Marconi,

**RE: Cooperative Hydro Embrun Inc. ("CHEI") Application for Rates Effective January 1, 2023 (EB-2022-0022)**

On May 20, 2022, CHEI informed the Ontario Energy Board ("OEB") that, as a result of the May 16-17, 2022, settlement conference, CHEI, VECC and OEB Staff (the "Parties") were working towards filing a complete settlement proposal on all issues by June 10, 2022.

While the Parties continue to work diligently towards the filing of a complete settlement on all issues the parties agree that some additional time is required; accordingly, CHEI, on behalf of the Parties, respectfully requests an extension of the deadline for the filing of a settlement proposal to June 24, 2022.

Please direct any questions or correspondence with respect to this request to the undersigned.

Yours truly,

Benoit Lamarche, General Manager
