Dear Nancy Marconi:

**Re: EB-2022-0150 – Enbridge Gas Inc. (Enbridge Gas) – July 1, 2022
Quarterly Rate Adjustment Mechanism (QRAM) Application**

On June 3, 2022, Enbridge Gas filed the July 1, 2022, QRAM Application with the Ontario Energy Board (OEB). On June 13, 2022, Enbridge Gas received a submission from the Federation of Rental-housing Providers (FRPO) with regards to the QRAM Application supporting the preferred rate mitigation approach proposed by Enbridge Gas.

Regarding the Vector pipeline contract and load balancing comments, Enbridge Gas will continue to provide helpful and responsive information as evidenced in the 2022 Annual Gas Supply Plan Annual Update (where the Vector contract was discussed), and interrogatory responses filed in this proceeding. Enbridge Gas continues to utilize proven best practices following OEB approved methodologies, when making contracting decisions and allocating load balancing costs.

Should you have any questions on this matter please contact the undersigned.

Sincerely,

Richard Wathy
