Dear Ms. Marconi:

**Re: EB-2022-0174: Quarterly Rate Adjustment Mechanism (“QRAM”) Application
EPCOR Natural Gas LP (“EPCOR”) Southern Bruce for rates effective July 1, 2022**

In response to OEB Staff’s letter of comment received June 15, 2022, specifically page 5:

EPCOR’s application does not indicate EPCOR’s approach to customer notification of bill changes. EPCOR, in its reply letter, may wish to describe the process for customer notification of bill changes arising from decisions on EPCOR’s QRAM applications. As part of the response, EPCOR should advise whether it sends printed customer notices/bill inserts to its customers.

EPCOR confirms that it does send printed customer notices/bill inserts for customers who are not on electronic billing, which accompany the next issued bill. Customers who are on electronic billing receive a link to the notice posting on EPCOR’s website, included with their bill notification. Approximately 90% of customers are enrolled with electronic billing at this time.

Sincerely,
