

Exhibit 6:

REVENUE DEFICIENCY OR SUFFICIENCY

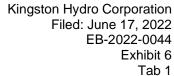

Exhibit 6: Revenue Deficiency Or Sufficiency

Tab 1 (of 3): Overview

1

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 1 Schedule 1 Page 1 of 3

REVENUE REQUIREMENT AND REVENUE DEFICIENCY

2	
3	Kingston Hydro has calculated a Gross Revenue Deficiency of \$695,601 for the
4	2023 Test Year.
5	
6	The above-noted revenue deficiency is based on comparisons to a projection of
7	2023 revenue at current distribution rates.
8	
9	The revenue deficiency calculation are net of electricity price differentials
10	captured in the RSVAs and also net of any cost associated with LV charges or
11	DVA balances.
12	
13	Determination of Net Income
14	For 2023, the utility's net income of \$2,284,489 is as detailed on Line 14, in
15	Sheet 5 – Utility Income of the Revenue Requirement Workform ("RRWF").
16	
17	Statement of Rate Base
18	Rate Base represents the average balance of opening and closing balances for
19	net capital assets in service plus 7.5% of the cost of power and controllable
20	operating expenses for the 2023 test year. It is detailed on Line 14, in Sheet 4 -
21	Rate Base of the RRWF.
22	
23	Actual Return on Equity Portion of Rate Base
24	For 2023, the utility's actual return on equity portion of Rate Base is 6.72%. It is
25	detailed on Line 18, in Sheet 8 – Rev_Def_Suff of the RRWF.

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 1 Schedule 1 Page 2 of 3

1 Indicated Rate of Return

- 2 For 2023, the utility's indicated rate of return is 4.83%. It is detailed on Line 21,
- 3 in Sheet 8 Rev_Def_Suff of the RRWF.

4 5

Requested Rate of Return

- 6 For 2023, the utility's requested rate of return is 5.61%. It is detailed on Line 22,
- 7 in Sheet 8 Rev Def Suff of the RRWF.

8

Deficiency or Sufficiency in Revenue

- For 2023, the utility's deficiency in revenue is 0.78% or \$511,267. It is detailed
- on Lines 23 and 25 in Sheet 8 Rev Def Suff of the RRWF.

12

13

Gross Deficiency or Sufficiency in Revenue

- 14 For 2023, the utility's gross deficiency in revenue is \$695,601. It is detailed on
- 15 Line 26 in Sheet 8 Rev_Def_Suff of the RRWF.

16

17

Summary of the Drivers for the Test Year Deficiency

- 18 A summary of the major drivers for the 2023 revenue deficiency compared to the
- 19 2020 OEB approved revenue requirement are as follows:

20

- The increase in rate base from the last Board approved 2020 rate base of \$61.1 million to the 2023 rate base of \$65.9 million. This \$4.8 million
- increase contributes \$269,000 to the revenue requirement from 2020.
- Also shown is the increase in OM&A expenses from the 2020 Board
- approved of \$7.4 million to the 2023 projected OM&A expenses of \$8.2
- 26 million contributing \$800,000 to the increase in revenue requirement from
- 27 2020.
- In addition, there is an increase in depreciation expense of \$400,000 from
- the Board approved amount of \$2.2 million to the 2023 calculation of \$2.6

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 1 Schedule 1 Page 3 of 3

1	million. This increase contributes \$400,000 to the increase in revenue
2	requirement from 2020.
3	
4	The difference between the 2020 OEB approved revenue requirement of \$13.69
5	million and the 2023 revenue requirement of \$14.99 million is \$1.3 million.
6	
7	Kingston RRWF for 2020 for EB-2015-0083 is entitled
8	Kingston Settlement 2020 Rev Reqt Workform V6 20151103.
9	and can be found at:
10	https://www.rds.oeb.ca/CMWebDrawer/Record?q=CaseNumber=EB-2015-
11	0083&sortBy=recRegisteredOn-&pageSize=400
12	
13	Revenue Requirement Work Form
14	Kingston Hydro has filed, a live Microsoft Excel version of the Revenue
15	Requirement Work Form ("RRWF") for 2023.
16	
17	The 2022 forecast of distribution rate revenues at existing rates is \$13,368,461.
18	
19	The 2023 forecast of distribution rate revenues at existing rates is \$13,480,230.
20	
21	The 2023 forecast of distribution rate revenues at proposed rates is \$14,176,000
22	a 5.2% increase from the current rates.

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 2 Schedule 1 Page 1 of 5

PAYMENTS IN LIEU OF TAXES AND PROPERTY TAXES

2	
3	Introduction
4	
5	Kingston Hydro is subject to Payments in Lieu of Taxes ("PILs") under section 93
6	of the Electricity Act. These PILs are based on its taxable income.
7	
8	Kingston Hydro's PILs in revenue requirement are as detailed in the latest PILs
9	model available on the OEB Website. It is filed as:
10	
11	Kingston_2023_Test_year_Income_Tax_PILs_final for RRWF_20220617
12	
13	Included in the PILs model are calculations of taxable income for the Historic
14	(2021), Bridge (2022) and Test Year (2023). Also included is the calculation of
15	taxes payable for the Bridge Year and Test Year. All supporting schedules used
16	to derive taxable income and taxes payable are included.
17	
18	For 2023, the amount of PILs included in revenue requirement is \$347,699. The
19	detailed calculations can be found in the PILs model as noted above.
20	
21	Kingston Hydro has also included copies of the most recent Federal and
22	Provincial tax returns. The financial statements that were filed with the historic
23	tax returns were not different than those provided in support of the application.

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 2 Schedule 1 Page 2 of 5

General Methodology

2

1

3 The tax rates used by Kingston Hydro to calculate PILs payable is as provided by

4 the OEB's PILs Model. The Applicant confirmed the tax rates and its eligibility for

the Small business deduction with its tax advisors.

6

5

7 The effective Federal tax rate is 15.0%. The effective Ontario tax rate, after a

8 reduction for the Small Business deduction, is 11.5% for a combined effective tax

9 rate of 26.5%. Therefore total PILs payable for 2023 is estimated to be

10 \$255,559. To ensure adequate recovery of PILs in its rates, this amount is then

grossed up and the resulting amount of \$347,699 is included in revenue

requirement.

13 14

16

17

12

11

In the calculation of regulatory taxable income, Kingston Hydro used regulatory

15 net income as a starting point. This amount is then adjusted for the difference

between amortization and Capital Cost Allowance for those assets included in

rate base as well as adjustments for deferred revenue included in other income

and, in accordance with the last paragraph of section 2.6.2.1 of the Filing

Requirements, the effect of the elimination of the accelerated CCA in 2024.

2021

19

Principles

2223

24

In its preparation of the PILs model and derivation of the additional revenue

requirement for PILs, Kingston Hydro has ensured the following integrity checks

25 have been completed:

2627

28

 The depreciation and amortization added back in the application's PILs model agree with the numbers disclosed in the rate base section of the application;

29

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 2 Schedule 1 Page 3 of 5

- The capital additions and deductions in the UCC/ CCA Schedule 8 agree with the rate base section for historical, bridge and test years;
- Schedule 8 of the most recent federal T2 tax return filed with the
 application has a closing December 31st historical year UCC that agrees
 with the opening bridge year UCC at January 1st. There are no non-distribution tax amounts on Schedule 8.
- The CCA deductions in the application's PILs tax model for historical,
 bridge and test years agree with the numbers in the UCC schedules for
 the same years filed in the application;
- Kingston Hydro has no loss carry-forwards;
- CCA has been maximimized;
- Consistent with Kingston Hydro's prior decisions (EB-2010-0136 and EB-2015-0083) adjustments for OPEB and pension amounts have not been added back on Schedule 1;
- The income tax rate used to calculate the tax expense must be consistent with the utility's actual tax facts and evidence filed in the proceeding.
- Kingston Hydro does not expect to pay Capital Tax or Corporate Minimum
 Tax in any of the 2023 Test Years.
- Kingston Hydro's property tax expense has not been included in the PIL's calculation other than as a regular deduction in the calculation of regulatory accounting income.
- Regulatory assets and liabilities have been excluded from all PILs
 calculations.
- The balances in account 1592 have been included in the DVA schedule and all calculations with respect to the amounts in that account can be found in Exhibit 9.
- Account 1592 is not expected to continue past 2022 adjustments for the elimination of the accelerated CCA in 2024 are as noted below.

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 2 Schedule 1 Page 4 of 5

- 1 Detailed calculations of actual PILs for the 2021 Actual year is as per the
- 2 corporate tax returns included with this application.

3

- 4 Detailed calculations of the 2021 Actual and 2022 Bridge Year as well as the
- 5 2023 estimated PILs for the Test year are as per the
- 6 "Kingston_2023_Test_year_Income_Tax_PILs_final for RRWF_20220617".

7 8

Adjustments to arrive at Taxable income

9

- 10 For the 2023 Test year, specific adjustments have been made to Net income
- before taxes, (which agrees to Utility Net income on the Revenue Requirement
- 12 Work Form) to arrive at Regulatory Taxable income.

13

14

- Amortization of capital assets per Appendix 2BA is added back,
- An amount of \$187,019 to reflect the additional tax that will need to be
- paid during the IRM years (see explanation below),
- Amortization of deferred revenue included in other income is deducted as
- this amount is accounted for in schedule 8 of the tax return in the year the
- contributions are received. For tax purposes the amount is included as
- 20 part of the CCA calculations,
- CCA from Schedule 8 is deducted. This includes the accelerated CCA
- available in 2023. Total deductions for 2023 for CCA is \$3,976,573.
- Capital additions on schedule 8 are as per Appendix 2BA.

24

- 25 With respect to the 2nd point noted above, Kingston Hydro will only have the
- benefit of the accelerated CCA in 2023 and therefore during the IRM period will
- 27 not be recovering enough PILs in its rates for 2024-2027.

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 2 Schedule 1 Page 5 of 5

- 1 In accordance with the filing requirements in 2.6.2.1, Kingston Hydro is proposing
- 2 to smooth the impact of the elimination of the accelerated CCA in 2024.
- 3 Kingston Hydro recalculated the CCA that would be available in 2023 as if there
- 4 were no accelerated CCA. This amount is calculated as total UCC in column 9 of
- 5 Schedule 8 of the PILs model multiplied by the CCA rate for the year. The total
- 6 CCA without the accelerated CCA option is \$3,742,798. This results in total tax
- 7 payable (before Gross Up) of \$267,949 compared to total tax payable of
- 8 \$205,999 (before Gross Up) with the accelerated CCA.

9

- 10 Kingston Hydro then has calculated a 5-year tax payable based on taxes payable
- of \$205,999 in 2023 and \$267,949 in years 2024 through 2027 totaling
- 12 \$1,277,795 for the five-year period, for an average annual PILs payable before
- 13 gross up of \$255,559, an additional \$49,560 per year.

15 Therefore, Kingston Hydro has added back on Schedule 1 an amount of

- 16 \$187,019 (\$49,560 divided by 0.265) so that total taxes payable (before gross
- up) for the application and included in revenue requirement amounts to
- 18 \$255,559.

14

19

22

25

20 In order to illustrate the details of the above-noted adjustment, Kingston Hydro

- 21 has attached 2 additional PILs models as follows:
- Kingston_2023_Test_year_Income_Tax_PILs_no acc cca_20220617
- Kingston_2023_Test_year_Income_Tax_PILs_orig_20220617
- 26 The impact of the utilization of account 1592 from 2016-2022 is as detailed in
- 27 Exhibit 9.

Attachment 1 (of 1):

Draft 2021 Kingston Hydro Corporation PILS

Canada Revenue Agence du revenu du Canada

T2 Corporation Income Tax Return

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see **canada.ca/taxes** or Guide T4012, T2 Corporation – Income Tax Guide.

Schedule 3

Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name	Business number	Tax year-end Year Month Day
Kingston Hydro Corporation	86652 9399 RC0001	2021-12-31

- Corporations must use this schedule to report:
 - non-taxable dividends under section 83
 - deductible dividends under subsection 138(6)
 - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d)
 - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3)
- All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations (as defined in subsection 186(3)).
- A payer corporation is **connected** with a recipient corporation at any time in a tax year, if at that time the recipient corporation meets either of the following conditions:
 - it controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b)
 - it owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 Enter "X" if dividends were received from a foreign source.
- Column F1 Enter the code that applies to the deductible taxable dividend.

Part 1 – Dividends received in the tax year -

- Do not include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H, I, I.1 and L only if the payer corporation is connected.

Important instructions to follow if the payer corporation is connected

- If your corporation's tax year-end is different than that of the **connected** payer corporation, dividends could have been received from more than one tax year of the payer corporation. If so, **use a separate line** to provide the information according to each tax year of the payer corporation.
- When completing columns J, K and L use the special calculations provided in the notes.

Tax Calculation Supplementary – Corporations

Schedule 5

Corporation's name	Business Number	Tax year-end Year Month Day
Kingston Hydro Corporation	86652 9399 RC0001	2021-12-31

- Use this schedule if, during the tax year, your corporation:
 - had a permanent establishment in more than one jurisdiction (corporations that have no taxable income should only complete columns A, B, and D in Part 1)
 - is claiming provincial or territorial tax credits or rebates (see Part 2), or
 - has to pay taxes, other than income tax, for Newfoundland and Labrador, or Ontario (see Part 2).
- All legislative references are to the Income Tax Regulations.
- For more information, see the T2 Corporation Income Tax Guide.
- For the regulation number to be entered in field 100 of Part 1, see the chart below.

100			Enter the regulation that applie	Enter the regulation that applies (402 to 413)

otal		129 G		169 H				

^{*} Permanent establishment is defined in subsection 400(2)

Notes:

- 1. After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the T2 Corporation Income Tax Guide.
- 2. If your corporation has provincial or territorial tax payable, complete Part 2.
- If your corporation is a member of a partnership and the partnership had a permanent establishment in a jurisdiction, select the jurisdiction in Column A and include your proportionate share of the partnership's salaries and wages and gross revenue in columns B and D, respectively.

Canadä

^{**} For corporations other than those described under section 402, use the appropriate calculation described in the Regulations to allocate taxable income.

Enter the total of column 15 on line 107 of Schedule 1. Enter the total of column 16 on line 404 of Schedule 1. Enter the total of column 17 on line 403 of Schedule 1.

- Note 1. If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101. Class numbers followed by a letter indicate the basic rate of the class taking into account the additional deduction allowed. Class 1a: 4% + 6% = 10% (class 1 to 10%), class 1b: 4% + 2% = 6% (class 1 to 6%).
- Note 2. Include any property acquired in previous years that has now become available for use, net of any government assistance received or entitled to be received in the year from a government, municipality or other public authority, or a reduction of capital cost after the application of section 80. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule.

 See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 3. An AIIP is a property (other than ZEV) that you acquired after November 20, 2018 and became available for use before 2028. ZEV is, subject to certain exceptions, a motor vehicle included in Class 54 or 55 that you acquired after March 18, 2019 and became available for use before 2028. The Government proposes to create Class 56 for zero-emission automotive equipment and vehicles that currently do not benefit from the accelerated rate provided by Classes 54 and 55. Class 56 would apply to eligible zero-emission automotive equipment and vehicles that are acquired after March 1, 2020, and became available for use before 2028. Columns 4, 10, 11 and 12 also apply for additions of class 56 property. See the T2 Corporation Income Tax Guide for more information.
- Note 4. Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the UCC (column 9). Items that increase the UCC include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the UCC (show amounts that reduce the UCC in brackets) include assistance received or receivable during the year for a property, subsequent to its disposition, if such assistance would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f). See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.

 Also include property acquired in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor until it was acquired by you.
- Note 5. Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.
- Note 6. Include all amounts you have repaid during the year with respect to any legally required repayment, made after the disposition of a corresponding property, of:
 - assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d) and
 - an inducement, assistance or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b)
 Include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or include property acquired in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor until it was accuired by vou.
- Note 7. For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21). The proceeds of disposition of a ZEV that has been included in Class 54 and that is subject to the \$55,000 (plus sales taxes) capital cost limit will be adjusted based on a factor equal to the capital cost limit of \$55,000 (plus sales taxes) as a proportion of the actual cost of the vehicle.
- Note 8. If the amount in column 5 reduces the undepreciated capital cost (i.e. it is shown in brackets), you must subtract it for the purposes of the calculation. Otherwise, add the amount in column 5 for the purposes of the calculation.
- Note 9. The relevant factors for property of a class in Schedule II, that is AIIP or included in Classes 54 to 56, available for use before 2024 are:
 - 2 1/3 for property in Classes 43.1, 54 and 56
 - 1 1/2 for property in Class 55
 - _ 1 for property in Classes 43.2 and 53
 - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 14 for additional information) and
 - 0.5 for all other property that is AIIP
- Note 10. The UCC adjustment for property acquired during the year other than AIIP and ZEV (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP). For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 11. Enter a rate only if you are using the declining balance method. For any other method (for example the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 17.
- Note 12. If the amount in column 9 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 9 in column 15 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1.
- Note 13. If no property is left in the class at the end of the tax year and there is still a positive amount in the column 9, you have a terminal loss. If applicable, enter the positive amount from column 9 in column 16. The terminal loss rules do not apply to:
 - passenger vehicles in Class 10.1
 - property in Class 14.1, unless you have ceased carrying on the business to which it relates or
 - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply, unless certain conditions are met
- Note 14. If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AlIP listed below, the maximum first year allowance you can claim is determined as follows:
 - Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction)
 - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction)
 - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot or cubic metre cut in the tax year and the UCC at the end of the tax year (before any CCA deduction)
 - Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction)
 - Class 41.2: use a 25% CCA rate. The additional allowance under paragraph 1100(1)(y.2) (for single mine properties) and 1100(1)(ya.2) (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive

The AIIP also apply to property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit as well as to industrial mineral mine or a right to remove minerals from an industrial mineral mine. See the Income Tax Regulations for more detail.

e Agence du revenu du Canada Schedule 23

Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year must file an agreement for each tax year ending in that calendar year.
- Column 1: Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
 - Column 2: Provide the business number for each corporation (if a corporation is not registered, enter "NR").
 - **Column 3:** Enter the association code from the list below that applies to each corporation:
 - 1 Associated for purposes of allocating the business limit (unless association code 5 applies)
 - 2 CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
 - $3-\mbox{Non-CCPC}$ that is a \mbox{third} corporation
 - 4 Associated non-CCPC
 - 5 Associated CCPC to which association code 1 does not apply because a third corporation has filed Schedule 28
 - **Column 4:** Enter the business limit for the year of each corporation in the associated group. Enter "0" if the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
 - **Column 5:** Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- **Column 6:** Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A.

Ensure that the total at line A does not exceed \$500,000.

				Total	100.0000	500,000	Α				

Business limit reduction under subsection 125(5.1) of the Act

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula 0.225% x (C - \$10,000,000). Another factor is the "adjusted aggregate investment income" from lines 744 and 745 of Schedule 7, Aggregate Investment Income and Income Eligible for the Small Business Deduction. Details of these formulas and variable C are in subsection 125(5.1) of the Act.

* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

Special rules for business limit

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the lesser of: the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year.

Schedule 33

Part 1 - Capital -

Agence du revenu du Canada

Taxable Capital Employed in Canada – Large Corporations

Corporation's name	Business number	Tax year-end Year Month Day
Kingston Hydro Corporation	86652 9399 RC0001	2021-12-31

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 Corporation Income Tax Return no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the Income Tax Act and the Income Tax Regulations.
- Subsection 181(1) defines the terms financial institution, long-term debt, and reserves.
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, **Taxable capital employed in Canada**.

Turk Turkin Suprem	
Add the following year-end amounts:	
Reserves that have not been deducted in calculating income for the year under Part I 101	
Capital stock (or members' contributions if incorporated without share capital) 103	12,380,617
Retained earnings	17,827,893
Contributed surplus	3,893,103
Any other surpluses	
Deferred unrealized foreign exchange gains	
All loans and advances to the corporation	36,960,782
All indebtedness of the corporation represented by bonds, debentures, notes, mortgages, hypothecary claims, bankers' acceptances, or similar obligations	
Any dividends declared but not paid by the corporation before the end of the year 110	
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	
Subtotal (add lines 101 to 112)	71,062,395

Note:

Line 112 is determined by the formula (A - B) x C/D (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
 - a) those lines applied to partnerships in the same manner that they apply to corporations, and
 - b) those amounts were computed without reference to amounts owing by the partnership
 - (i) to any corporation that held a membership interest in the partnership either directly or indirectly through another partnership, or
 - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

General Rate Income Pool (GRIP) Calculation

Corporation's name	Business number	Tax year-end Year Month Day
Kingston Hydro Corporation	86652 9399 RC0001	2021-12-31

On: 2021-12-31

- If you are a Canadian-controlled private corporation (CCPC) or a deposit insurance corporation (DIC), use this schedule to determine the general rate income pool (GRIP).
- Credit unions are **not** required to complete this schedule.
- All legislative references are to the Income Tax Act and the Income Tax Regulations.
- When an eligible dividend was paid in the tax year or there was a change in the GRIP balance, file a completed copy of this schedule with your T2 Corporation Income Tax Return. Do not send your worksheets with your return, but keep them in your records in case we ask to see them later.
- Subsection 89(1) defines the terms eligible dividend, excessive eligible dividend designation, general rate income pool, and low rate income pool.

┌ Eligibility for the various additions	
Answer the following questions to determine the corporation's eligibility for the various additions:	
2006 addition	
1. Is this the corporation's first taxation year that includes January 1, 2006?	Yes X No
2. If not, what is the date of the taxation year end of the corporation's first year that includes January 1, 2006? Enter the date and go directly to question 4	2006-12-31
3. During that first year, was the corporation a CCPC or would it have been a CCPC if not for the election of subsection 89(11) ITA?	X Yes No
If the answer to question 3 is yes, complete Part "GRIP addition for 2006".	
Change in the type of corporation	
4. Was the corporation a CCPC during its preceding taxation year?	X Yes No
5. Corporations that become a CCPC or a DIC	Yes X No
If the answer to question 5 is yes, complete Part 4.	
Amalgamation (first year of filing after amalgamation)	
6. Corporations that were formed as a result of an amalgamation	Yes X No
If the answer to question 6 is yes, answer questions 7 and 8. If the answer is no, go to question 9.	
7. Was one or more of the predecessor corporations neither a CCPC nor a DIC?	Yes No
8. Was one or more of the predecessor corporation a CCPC or a DIC during the taxation year that ended immediately	
before amalgamation?	Yes No
If the answer to question 8 is yes, complete Part 3.	
Winding-up	
9. Has the corporation wound-up a subsidiary in the preceding taxation year? If the answer to question 9 is yes, answer questions 10 and 11. If the answer is no, go to Part 1.	Yes X No
10. Was the subsidiary neither a CCPC nor a DIC during its last taxation year? If the answer to question 10 is yes, complete Part 4.	Yes No
11. Was the subsidiary a CCPC or a DIC during its last taxation year? If the answer to question 11 is yes, complete Part 3.	Yes No

Canad'ä

T2 SCH53 E (19)

┌ Part 1 – General rate income pool (GRIP)
GRIP at the end of the previous tax year
Taxable income for the year (DICs enter "0")*
Amount on line 400, 405, 410, and 427 or 428** of the T2 return, whichever is the least*
Subtotal (line 130 plus line 140) A
Income taxable at the general corporate rate (line 110 minus amount A) (if negative enter "0") 602,478
After-tax income (line 150 multiplied by 0.72 (the general rate factor for the tax year))
Eligible dividends received in the tax year Dividends deductible under section 113 received in the tax year Subtotal (line 200 plus line 210) B
Becoming a CCPC (amount W5 in Part 4)
Eligible dividends paid in the previous tax year Excessive eligible dividend designations made in the previous tax year (If becoming a CCPC (subsection 89(4) applies), enter "0" on lines 300 and 310.) Subtotal (line 300 minus line 310)
GRIP before adjustment for specified future tax consequences (amount C minus amount D) (amount can be negative) 490 13,484,399
Total GRIP adjustment for specified future tax consequences to previous tax years (amount L3 in Part 2)
GRIP at the end of the tax year (line 490 minus line 560) Enter this amount on line 160 of Schedule 55, Part III.1 Tax on Excessive Eligible Dividend Designations. 590 13,484,399
* For lines 110, 130, and 140, the income amount is the amount before considering specified future tax consequences. This phrase is defined in subsection 248(1). It includes the deduction of a loss carryback from subsequent tax years, a reduction of Canadian exploration expenses and Canadian development expenses that were renounced in subsequent tax years (e.g., flow-through share renunciations), reversals of income inclusions where an option is exercised in subsequent tax years, and the effect of certain foreign tax credit adjustments.
** If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

┌ Part 3 – Worksheet to calculate the GRIP addition post-amalgamation or post-wind-up ───────────
(predecessor or subsidiary was a CCPC or a DIC in its last tax year)
nb. 1 Post amalgamation Post wind-up
Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary corporation was a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.
Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.
Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.
In the calculation below, corporation means a predecessor or a subsidiary. Complete a separate worksheet for each predecessor and each subsidiary that was a CCPC or a DIC in its last tax year. Keep a copy of this calculation for your records, in case we ask to see it later.
Corporation's GRIP at the end of its last tax yearA
Eligible dividends paid by the corporation in its last tax yearB4
Excessive eligible dividend designations made by the corporation in its last tax year
Subtotal (amount B4 minus amount C4) P
GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year) (amount A4 minus amount D4)
After you complete this calculation for each predecessor and each subsidiary, calculate the total of all the E4 amounts. Enter this total amount on: — line 230 for post-amalgamation; or — line 240 for post-wind-up.

(predecessor or subsidiary was not a CC) or the corporation is becoming a CCPC	post-amalgamation, p PC or a DIC in its last	tax year),		
	algamation	Post wind-up]
Complete this part when there has been an amalgamation (within the and the predecessor or subsidiary was not a CCPC or a DIC in its laimmediately before the amalgamation and for a subsidiary corporation.	e meaning assigned by subso ast tax year. Ontario Corporate Minimum Tax

Corporation's name	Business number	Tax year-end Year Month Day
Kingston Hydro Corporation	86652 9399 RC0001	2021-12-31

- File this schedule if the corporation is subject to Ontario corporate minimum tax (CMT). CMT is levied under section 55 of the Taxation Act, 2007 (Ontario), referred to as the "Ontario Act".
- Complete Part 1 to determine if the corporation is subject to CMT for the tax year.
- A corporation not subject to CMT in the tax year is still required to file this schedule if it is deducting a CMT credit, has a CMT credit carryforward, or has a CMT loss carryforward or a current year CMT loss.
- A corporation that has Ontario special additional tax on life insurance corporations (SAT) payable in the tax year must complete Part 4 of this
 schedule even if it is not subject to CMT for the tax year.
- A corporation is exempt from CMT if, throughout the tax year, it was one of the following:
 - 1) a corporation exempt from income tax under section 149 of the federal Income Tax Act;
 - 2) a mortgage investment corporation under subsection 130.1(6) of the federal Act;
 - 3) a deposit insurance corporation under subsection 137.1(5) of the federal Act;
 - 4) a congregation or business agency to which section 143 of the federal Act applies;
 - 5) an investment corporation as referred to in subsection 130(3) of the federal Act; or
 - 6) a mutual fund corporation under subsection 131(8) of the federal Act.
- File this schedule with the T2 Corporation Income Tax Return.

– Part 1 – Determination of CMT applicability ————————————————————————————————————	
Tart 1 – Determination of Own applicability	
Total assets of the corporation at the end of the tax year *	92,395,076
Share of total assets from partnership(s) and joint venture(s) *	
Total assets of associated corporations (amount from line 450 on Schedule 511)	24,443,499
Total assets (total of lines 112 to 116)	116,838,575
Total revenue of the corporation for the tax year **	88,556,901
Share of total revenue from partnership(s) and joint venture(s) **	
Total revenue of associated corporations (amount from line 550 on Schedule 511)	110,344,783
Total revenue (total of lines 142 to 146)	198,901,684
	Share of total assets from partnership(s) and joint venture(s) * Total assets of associated corporations (amount from line 450 on Schedule 511) Total assets (total of lines 112 to 116) Total revenue of the corporation for the tax year ** Share of total revenue from partnership(s) and joint venture(s) ** Total revenue of associated corporations (amount from line 550 on Schedule 511)

The corporation is subject to CMT if:

- for tax years ending before July 1, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are more than \$5,000,000, or the total revenue for the year of the corporation or the associated group of corporations is more than \$10,000,000.
- for tax years ending after June 30, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are equal to or more than \$50,000,000, and the total revenue for the year of the corporation or the associated group of corporations is equal to or more than \$100,000,000.

If the corporation is not subject to CMT, do not complete the remaining parts unless the corporation is deducting a CMT credit, or has a CMT credit carryforward, a CMT loss carryforward, a current year CMT loss, or SAT payable in the year.

* Rules for total assets

- Report total assets according to generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Do not include unrealized gains and losses on assets and foreign currency gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.
- The amount on line 114 is determined at the end of the last fiscal period of the partnership or joint venture that ends in the tax year of the corporation. Add the proportionate share of the assets of the partnership(s) and joint venture(s), and deduct the recorded asset(s) for the investment in partnerships and joint ventures.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

** Rules for total revenue

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the tax year is less than 51 weeks, multiply the total revenue of the corporation or the partnership, whichever applies, by 365 and divide by the number of days in the tax year.
- The amount on line 144 is determined for the partnership or joint venture fiscal period that ends in the tax year of the corporation. If the partnership or joint venture has 2 or more fiscal periods ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

Adjusted net income/loss for CMT purposes (line 210 **plus** amount A **minus** amount B)

If the amount on line 490 is positive and the corporation is subject to CMT as determined in Part 1, enter the amount on line 515 in Part 3.

If the amount on line 490 is negative, enter the amount on line 760 in Part 7 (enter as a positive amount).

Note

In accordance with Ontario Regulation 37/09, when calculating net income for CMT purposes, accounting income should be adjusted to:

- exclude unrealized gains and losses due to mark-to-market changes or foreign currency changes on specified mark-to-market property (assets only);
- include realized gains and losses on the disposition of specified mark-to-market property not already included in the accounting income, if the
 property is not a capital property or is a capital property disposed in the year or in a previous tax year ended after March 22, 2007.

"Specified mark-to-market property" is defined in subsection 54(1) of the Ontario Act.

These rules also apply to partnerships. A corporate partner's share of a partnership's adjusted income flows through on a proportionate basis to the corporate partner.

* Rules for net income/loss

Banks must report net income/loss as per the report accepted by the Superintendent of Financial Institutions under the federal Bank Act, adjusted so consolidation and equity methods are not used.

3,064,103

490

Part 2 – Calculation of adjusted net income/loss for CMT purposes (continued)

- Life insurance corporations must report net income/loss as per the report accepted by the federal Superintendent of Financial Institutions or equivalent provincial insurance regulator, before SAT and adjusted so consolidation and equity methods are not used. If the life insurance corporation is resident in Canada and carries on business in and outside of Canada, multiply the net income/loss by the ratio of the Canadian reserve liabilities divided by the total reserve liability. The reserve liabilities are calculated in accordance with Regulation 2405(3) of the federal Act.
- Other corporations must report net income/loss in accordance with generally accepted accounting principles, except that consolidation and equity methods must not be used. When the equity method has been used for accounting purposes, equity losses and equity income are removed from book income/loss on lines 224 and 324 respectively.
- Corporations, other than insurance corporations, should report net income from line 9999 of the GIFI (Schedule 125) on line 210.
- ** The share of the adjusted net income of a partnership or joint venture is calculated as if the partnership or joint venture were a corporation and the tax year of the partnership or joint venture were its fiscal period. For a corporation with an indirect interest in a partnership through one or more partnerships, determine the corporation's share according to clause 54(5)(c) of the Ontario Act.
- *** A joint election will be considered made under subsection 60(1) of the Ontario Act if there is an entry on line 342, and an election has been made for transfer of property to a corporation under subsection 85(1) of the federal Act.
- **** A joint election will be considered made under subsection 60(2) of the Ontario Act if there is an entry on line 344, and an election has been made under subsection 85(2) or 97(2) of the federal Act.
- ***** A joint election will be considered made under subsection 61(1) of the Ontario Act if there is an entry on line 346, and an election has been made under subsection 13(4) or 14(6) and/or section 44 of the federal Act.

1st previous tax year		829
Total ***		

^{*} Adjusted net loss for CMT purposes that was earned (by the corporation, by subsidiaries wound up into or amalgamated with the corporation before March 22, 2007, and by other predecessors of the corporation) in each of the previous 10 tax years that ended before March 23, 2007, and has not been deducted.

^{**} Adjusted net loss for CMT purposes that was earned (by the corporation and its predecessors, but not by a subsidiary predecessor) in each of the previous 20 tax years that ended after March 22, 2007, and has not been deducted.

^{***} The total of these two columns must equal the total of the amounts entered on lines 720 and 750.

Agence du revenu du Canada **SCHEDULE 511**

ONTARIO CORPORATE MINIMUM TAX – TOTAL ASSETS AND REVENUE FOR ASSOCIATED CORPORATIONS

Name of corporation	Business Number	Tax year-end Year Month Day
Kingston Hydro Corporation	86652 9399 RC0001	2021-12-31

- For use by corporations to report the total assets and total revenue of all the Canadian or foreign corporations with which the filing corporation was associated at any time during the tax year. These amounts are required to determine if the filing corporation is subject to corporate minimum tax.
- Total assets and total revenue include the associated corporation's share of any partnership(s)/joint venture(s) total assets and total revenue.
- Attach additional schedules if more space is required.
- File this schedule with the T2 Corporation Income Tax Return.

	Names of associated corporations	Business number (Canadian corporation only) (see Note 1)	Total assets* (see Note 2)	Total revenue** (see Note 2)
	200	300	400	500
1	1425445 Ontario Limited	89340 4814 RC0001	24,443,499	110,344,783
2	Corporation of the City of Kingston	87330 0495 RC0001	0	0
3	1425447 Ontario Limited	89340 4616 RC0001	0	0
				550
		Total	24,443,499	110,344,783

Enter the total assets from line 450 on line 116 in Part 1 of Schedule 510, *Ontario Corporate Minimum Tax*. Enter the total revenue from line 550 on line 146 in Part 1 of Schedule 510.

Note 1: Enter "NR" if a corporation is not registered.

Note 2: If the associated corporation does not have a tax year that ends in the filing corporation's current tax year but was associated with the filing corporation in the previous tax year of the filing corporation, enter the total revenue and total assets from the tax year of the associated corporation that ends in the previous tax year of the filing corporation.

* Rules for total assets

- Report total assets in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Include the associated corporation's share of the total assets of partnership(s) and joint venture(s) but exclude the recorded asset(s) for the
 investment in partnerships and joint ventures.
- Exclude unrealized gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income
 tax purposes.

** Rules for total revenue

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the associated corporation has 2 or more tax years ending in the filing corporation's tax year, multiply the sum of the total revenue for each of those tax years by 365 and divide by the total number of days in all of those tax years.
- If the associated corporation's tax year is less than 51 weeks and is the only tax year of the associated corporation that ends in the filing corporation's tax year, multiply the associated corporation's total revenue by 365 and divide by the number of days in the associated corporation's tax year.
- Include the associated corporation's share of the total revenue of partnerships and joint ventures.
- If the partnership or joint venture has 2 or more fiscal periods ending in the associated corporation's tax year, multiply the sum of the total revenue for each of the fiscal periods by 365 and divide by the total number of days in all the fiscal periods.

Tab 3 (of 3): Other Revenue

1

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 3 Schedule 1 Page 1 of 7

OTHER REVENUE

2	
3	Overview
4	
5	In addition to revenues recovered through distribution rates, Kingston Hydro
6	earns other revenue from specific service charges, late payment charges and
7	other operating revenues.
8	
9	CDM revenues are recorded in account 4375 which are offset by CDM expenses
10	recorded in account 4380. These revenues and expenses are Non Rate-
11	Regulated utility operations expenses.
12	
13	Appendix 2-H details the Other Revenue for all required years.
14	
15	Variance Analysis
16	
17	The year over year variances are detailed in Appendix 2-H.
18	
19	Each variance above the materiality threshold of \$70,877 is highlighted in gray
20	and an explanation for the variance is provided below with the related table.
21	
22	2017 Actual vs. 2016 Actual Variance Analysis
23	
24	Kingston Hydro began a multi-year project in 2016 with significant customer
25	contributions which were recorded as deferred revenue in 2017. This resulted in
26	an increase in amortization of deferred revenue beginning in 2017 with an
27	increase of \$172,169 recorded in account 4245.

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 3 Schedule 1 Page 2 of 7

- 1 Kingston Hydro recorded a one-time debit of \$3,394,083 related to 1575 IFRS-
- 2 CGAAP Transitional PP&E Amounts and 1576 CGAAP Accounting Changes -
- 3 Rate of Return Component in account 4305 in 2016 as part of the 2015-0083
- 4 proceeding.

5

- 6 Kingston Hydro records Non Rate-Regulated utility operations CDM revenue
- 7 activities in account 4375 and offsetting Non Rate-Regulated utility operations
- 8 CDM expenses in account 4380.

9

- In 2017 Kingston Hydro recorded \$122,000 of regulatory interest in account 4405
- which should have been recorded in account 6035. Removing this amount
- reduces the \$176,999 variance in account 4405 below the threshold.

13 14

Table 1 – 2017 vs. 2016 Actual Other Revenue

Kingston Hydro Corporation Filed: June 17, 2022 EB-2022-0044 Exhibit 6 Tab 3 Schedule 1 Page 3 of 7

2018 Actual vs. 2017 Actual Variance Analysis

2

1

3 Kingston Hydro records Non Rate-Regulated utility operations CDM revenue

4 activities in account 4375 and offsetting Non Rate-Regulated utility operations

5 CDM expenses in account 4380.

6

8

7 As explained in previous year analysis, Kingston Hydro recorded regulatory

interest in account 4405 in 2017 which should have been recorded in account

9 6035. Removing this amount bring the variance of \$100,289 in account 4405

10 below the threshold.

11
