July 4, 2022

DECISION AND ORDER

Multistream Power Corporation filed an application with the Ontario Energy Board (OEB) on May 5, 2022 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a renewal of its electricity generation licence.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

Multistream Power Corporation owns and operates a 1.4 MW hydroelectric generation facility, known as Douglas Generating Station, located on Bonnechere River in Douglas, Ontario.

After considering the application and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the electricity generation licence to Multistream Power Corporation.

IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.
