DECISION AND ORDER

EB-2022-0164

HYDRO ONE NETWORKS INC.

Application for leave to sell distribution assets to Bell Canada

BY DELEGATION, BEFORE: Brian Hewson
Vice President
Consumer Protection & Industry Performance

July 7, 2022

DECISION AND ORDER

Hydro One Networks Inc. (Hydro One) filed an application with the Ontario Energy Board (OEB) on May 10, 2022, under section 86(1)(b) of the *Ontario Energy Board Act, 1998* (OEB Act), for an order granting Hydro One leave to sell distribution system assets to Bell Canada. The assets that are the subject of the proposed transaction are three poles, as described in Attachment 1, located along Chaffey Street in Brockville, Ontario.

This Decision and Order is being issued by the Delegated Authority, without holding a hearing, pursuant to Section 6(4) of the OEB Act.

Section 86(1)(b) of the Act provides that leave of the OEB is required before a transmitter or a distributor can “sell, lease or otherwise dispose of that part of its transmission or distribution system that is necessary in serving the public.” The assets that are the subject of this transaction are necessary in serving the public.

The sale is for the purpose of maintaining the ownership balance between Bell Canada and Hydro One as per the Joint Use Agreement. The Joint Use Agreement stipulates that in case Bell Canada wishes to do any work in Bell Canada’s prime exchange areas, it must hold ownership of the poles. After completion of the proposed transaction, Bell Canada will own the assets and Hydro One will continue as a tenant on these poles. The assets will continue to be used for supplying electrical load to existing Hydro One customers. The applicant stated that the transaction will not adversely affect the safety, reliability, quality of service, operational flexibility or economic efficiency of Hydro One. The applicant also stated that there will be no impact on Hydro One’s distribution rates as a result of the assets sale.

This is a cash sale. The parties to the transaction agreed that the assets are being sold on an “as is, where is” basis for the sale price of \$4,173.09 inclusive of HST. The sale price represents the value of the assets based on the residual value tables in the Joint Use Agreement. The residual value has been modified to deduct the cost of removing the poles.

The OEB finds that the proposed transaction is reasonable and is not anticipated to have any negative effects. It is therefore in the public interest to grant Hydro One leave to sell the assets described above to Bell Canada.

IT IS ORDERED THAT:

1. Hydro One Networks Inc. is granted leave to sell the three poles described in Attachment 1 and that are all located in Brockville, Ontario to Bell Canada.

DATED at Toronto July 7, 2022

ONTARIO ENERGY BOARD
