

**ONTARIO ENERGY BOARD NOTICE
TO CUSTOMERS OF
EPCOR NATURAL GAS LIMITED PARTNERSHIP
SERVED BY ITS AYLMEER OPERATIONS**

EPCOR Natural Gas Limited Partnership has applied to change its natural gas rates.

Learn more. Have your say.

EPCOR Natural Gas Limited Partnership has applied to the Ontario Energy Board to change its natural gas rates, effective January 1, 2023, based on an OEB-approved formula that is tied to inflation and other factors intended to promote efficiency. EPCOR Natural Gas Limited Partnership has also applied for approval to dispose of the balances in certain deferral and variance accounts. If the application is approved as filed, the annual natural gas bill of a typical residential customer and a typical commercial customer, served by EPCOR Natural Gas Limited Partnership's Aylmer operations, would decrease by the following amounts:

Rate Class	Annual Bill Change
General Service Residential	-\$7.56 per year
General Service Commercial	-\$7.74 per year

Other customers may also be affected.

The above-noted rate change is a decrease because the requested increase in delivery rates is offset by decreases resulting from the recovery of certain deferral and variance account balances.

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider the application filed by EPCOR. During the hearing, which could be an oral or written hearing, we will question EPCOR on the request for a rate change. We will also hear questions and arguments from individuals that have registered to participate (called intervenors) in the OEB's hearing. At the end of this hearing, the OEB will decide what, if any, rate change will be allowed.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
