Dear Ms. Marconi,

**RE: EB-2022-0086 Enbridge Gas Dawn to Corunna Leave to Construct  
Energy Probe Topic Areas for Technical Conference Questioning**

In PO No. 2 the OEB asked that parties intending to participate in the technical conference notify Enbridge Gas, and copy all parties, of the topic areas for questioning by July 18, 2022. OEB Staff subsequently asked that parties also provide a time estimate.

Energy Probe intends to participate in the technical conference. Its topic areas of questioning will be approvals sought, the need for the project, identification of alternatives, evaluation of alternatives, and the selection of the preferred alternative. In its questioning Energy Probe may seek clarification of responses to the following interrogatories: EP.1 to EP.9, EP.14, CME.1 Att.4, and SEC.5. Energy Probe estimates that its questioning will take about 60 minutes.

Respectfully submitted on behalf of Energy Probe.
