**RE: Enbridge Gas Inc. (Enbridge Gas)  
Application for leave to construct Dawn to Corunna Replacement Project  
Ontario Energy Board File Number: EB-2022-0086  
Additional day added to technical conference**

Enbridge Gas applied to the Ontario Energy Board (OEB) on March 21, 2022, under sections 90 and 97 of the Ontario Energy Board Act, 1998, S.O. 1998, c. 15, (Schedule B), for an order granting leave to construct approximately 20 kilometres of natural gas pipeline from its Dawn Operations Centre in the Township of Dawn-Euphemia to its Corunna Compressor Station in St. Clair Township. The project also includes station work at the Dawn Operations Centre and the Corunna Compressor Station, required to tie-in the new pipeline. Enbridge Gas also applied to the OEB for approval of the form of land-use agreements it offers to landowners for the routing and construction of the project.

In Procedural Order No. 2 and Decision on Confidentiality, issued on July 12, 2022, the OEB made provision for a transcribed technical conference on July 27, 2022. Parties were required to indicate the topic areas they wish to cover at the technical conference and the estimated time to do so. Parties filed their letters on July 18, 2022. The total estimated time exceeds that available in a one-day technical conference.

In its letter, Pollution Probe suggested that the technical conference begin with a presentation by Enbridge Gas on the integrated compression, storage and transmission system and its interaction with the broader system (with and without the Project, including in-franchise and ex-franchise impacts).

The OEB is making provision for an additional day for the technical conference on August 2, 2022. At the beginning of the first day of the technical conference, Enbridge Gas shall make a presentation on the integrated compression, storage and transmission system. The presentation should be no longer than one hour.

Additional details and instructions regarding participation will be circulated in advance of the technical conference.

The OEB has not amended the dates for any other procedural steps in this proceeding.

Yours truly,

Nancy Marconi  
Registrar
