**RE: Report of the Framework for Energy Innovation Working Group to the
Ontario Energy Board – Deadline to Comment Extended**

The Framework for Energy Innovation Working Group (FEIWG) delivered its Report to the Ontario Energy Board (OEB) on June 30, 2022. The OEB issued a [letter](#) on July 6, 2022 (the July letter) inviting stakeholders to file written comments on the Report by August 17, 2022.

The OEB received three extensions requests to accommodate resourcing availability and summer vacations. The OEB wishes to be respectful of stakeholders' time while being mindful of the impact to the overall project timeline. As such, the OEB has decided to grant an extension to **September 2, 2022**. However, the OEB encourages stakeholders to file written comments earlier, if possible.

Filing instructions and cost award information for written comments on the Report are set out in the July letter. The FEIWG Report and other materials related to this consultation are available at <https://engagewithus.oeb.ca/fei>.

Any questions related to this consultation should be directed to FEI@oeb.ca.

Yours truly,

Nancy Marconi
