Further to the Ontario Energy Board's (OEB) acknowledgment letter dated July 15, 2022, the OEB has completed its preliminary review of Niagara-on-the Lake Hydro's application for distribution rates effective, January 1, 2023, under the OEB's Price Cap Incentive Rate-setting framework and will now commence the processing of the application. The next steps will be communicated in due course.

Pursuant to Chapter 1 of the [OEB's Filing Requirements For Electricity Distribution Rate Applications - 2022 Edition for 2023 Rate Applications](#), Niagara-on-the Lake Hydro has confirmed that the documents it has filed in support of the above-referenced application do not include any personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*) that has not otherwise been redacted.

Niagara-on-the Lake Hydro is reminded that it is responsible for ensuring that the documents it files with the OEB, such as its evidence, responses to interrogatories, and any other supporting documentation, do not include personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*) unless filed in accordance with rule 9A of the OEB's *Rules of Practice and Procedure*.

Please direct any questions relating to this application to Kelli Benincasa, Analyst, at 416-440-7624 or [Kelli.Benincasa@oeb.ca](mailto:Kelli.Benincasa@oeb.ca).
