Dear Ms. Long:

Re: Algoma Power Inc. (“API”) 2023 IRM Application (EB-2022-0014)

As set out in the OEB’s letter dated June 16, 2022, please be advised that as of today’s date, API is not yet in a position to file its 2023 IRM application by the encouraged date of August 3, 2022.

API’s delay is partially due to, amongst other things, errors within the rate generator model and has been working with Board Staff to resolve. API will file its application on or before August 10, 2022.

Please direct any questions or correspondence in this matter to the undersigned.

Sincerely,
