Attn: Nancy Marconi, Registrar

Dear Ms. Marconi:

Re: Enbridge Gas Inc. (“Enbridge”)
Application for Renewal of Franchise Agreement
The Corporation of the Municipality of Leamington (“Leamington”)
Ontario Energy Board File No. EB-2022-0201

The Corporation of the Municipality of Leamington is applying for Intervenor status in the above noted application.

Leamington’s interest in the proceeding arises as a direct result of the fact that the Franchise Agreement, which Enbridge seeks to renew is with Leamington. The Franchise Agreement seeks to impose costs upon the taxpayers of Leamington in circumstances described in the Franchise Agreement.

Leamington intends to participate fully in the proceeding and will submit evidence, interrogatories and argument as well as cross-examine witnesses as appropriate.

Leamington does not intend to seek an award of costs, unless one is sought against it.

Leamington requests that copies of all materials filed in this proceeding be served on it as follows:
