Dear Registrar:

**RE: EB-2022-0086 – Enbridge Gas Inc. – Dawn to Corunna Replacement Project
CAEPLA-DCLC Information related to OEB Letter dated August 23, 2022**

At the suggestion of the Case Manager, we are writing to provide information to the OEB related to its order for the filing by Enbridge Gas Inc. and CAEPLA-DCLC of a joint letter concerning settlement negotiations by no later than the due date for Enbridge's Argument-in-Chief, which is September 6, 2022. The order was contained in the letter issued yesterday by the OEB.

Prior to the issuance of the OEB's letter, a negotiation meeting between Enbridge and CAEPLA-DCLC representatives was already scheduled for September 9, 2022 based on the availability of the parties involved. Therefore, it is not anticipated that information on the settlement of issues will be available before the week of September 12, 2022.

Yours truly,
