

LETTER OF INTERVENTION

July 31, 2008

Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
P.O. Box 2319
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

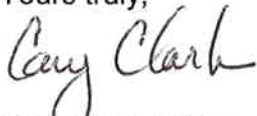

Response to Notice of Application
File No. EB-2008-0065
Enbridge Gas Distribution Inc.
Proposed Natural Gas Pipeline – City of Thorold

Further to my July 29, 2008 telephone conversation with Mr. John Pickernell, Assistant Board Secretary, we wish to submit our request to participate as an **Intervenor**.

The reason for our request is primarily to receive more detailed design information regarding the proposed pipeline. As a property owner along the proposed pipeline route, we would like to know how the pipeline will affect our property with relation to potential future development of our property and in turn have the capability to make comments, if deemed necessary.

We have no preference of a written or oral hearing and we are not expecting to seek costs from the applicant.

Yours truly,

Cary Clark, P.Eng.
Property Manager

Cc: Cathy Carriero - Enbridge North York
Neil MacNeil - Enbridge Niagara
