Dear Mr. Pappas:

**Re: Burlington Hydro Inc. (Burlington Hydro)
Application for 2023 Distribution Rates and Z-factor Claim
Ontario Energy Board File Number: EB-2022-0018**

This letter is in response to your letter to the Ontario Energy Board (OEB) dated September 1, 2022, advising the OEB that Burlington Hydro will be filing a Z-factor application to recover costs related to a major storm event, as part of its upcoming incentive rate-setting mechanism (IRM) application. Burlington Hydro also requested that the OEB consider the Z-factor application jointly with the IRM application.

Burlington Hydro's request to file a Z-factor application along with its IRM application is approved. Per the OEB's schedule, Burlington Hydro is expected to file its IRM application by October 12, 2022.

Yours truly,

Nancy Marconi
Registrar
