Dear Ms. Marconi:

Subject: EB-2022-0234 - Confirmation of Hearing request related to Hydro Ottawa Limited's Contested Service Area Amendment Application, 626 Principale Street, Casselman

Hydro Ottawa Limited ("Hydro Ottawa") wishes to acknowledge Hydro One Networks Inc. ("Hydro One"), submission, dated September 9, 2022, contesting a hearing in regard to Hydro Ottawa's contested service area amendment application for the subject property, which was filed September 2, 2022.

In response, Hydro Ottawa respectfully continues to request a hearing. Further, Hydro Ottawa does not feel it would be efficient to reply to the additional evidence until the Ontario Energy Board ("OEB") has set out the process, however Hydro Ottawa wishes to put on record that the utility disagrees with the interpretation of some of the events and outcomes as described in the Hydro One evidence which leaves the reader with an inaccurate account of certain facts and the associated impact on the customer.

Hydro Ottawa has filed a copy of this letter through the OEB's Regulatory Electronic Submission System ("RESS").

Please do not hesitate to contact me if you require anything further.

Sincerely,

DocuSigned by:
