**EB-2022-0157 – Panhandle Regional Expansion Project Leave to Construct
Pollution Probe Letter of Comment**

Dear Ms. Marconi:

Pollution Probe is in receipt of Environmental Defence's submission in relation to intervenor evidence. Stage 2 analysis is specifically relevant to this proceeding and having experts and evidence that provides suitable analysis and consideration of the issues should be beneficial to the OEB, Pollution Probe and other stakeholders. It should also lead to a more efficient proceeding in relation to those issues. Pollution Probe supports evidence and experts that will provide a detailed analysis and contribute to a better understanding of Stage 2 issues in this proceeding.

Respectfully submitted on behalf of Pollution Probe.
