Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas)  
Ontario Energy Board (OEB) File No. EB-2022-0157  
Panhandle Regional Expansion Project  
Extension Request – Technical Conference Undertaking Responses**

---

Within its Procedural Order No. 1 dated August 12, 2022, the OEB established a procedural timeline that included a technical conference on October 6, 2022, and a deadline for Enbridge Gas to file written responses to undertakings from the technical conference by October 14, 2022. On October 4, 2022, the OEB provided notification of an additional day for the technical conference (October 7, 2022).

Given the additional day afforded to intervenors for the technical conference, the statutory holiday on October 10, 2022, and the nature (i.e., scope and complexity) and number of undertakings received by Enbridge Gas (nearly 50 undertakings), the Company is requesting an extension to the procedural timeline to permit it to file its written undertaking responses on October 19, 2022.

As the OEB did not set any further procedural steps beyond the date for Enbridge Gas to file its responses to undertakings within PO No. 1, no additional adjustments are required by the OEB to accommodate the Company's request.

If you have any questions, please contact the undersigned.

Sincerely,

Haris Ginis
