DECISION AND ORDER

EB-2022-0227

ENTEGRUS POWERLINES INC.

Application for a Service Area Amendment

BY DELEGATION, BEFORE: Brian Hewson
Vice President
Consumer Protection & Industry Performance

October 27, 2022

DECISION AND ORDER

Entegrus Powerlines Inc. (Entegrus) filed an application with the Ontario Energy Board (OEB) on August 5, 2022, under section 74 of the *Ontario Energy Board Act, 1998* (OEB Act) for an amendment to Entegrus' service area as described in Schedule 1 of its distribution licence ED-2002-0563. Schedule 1 of the licence sets out the service area within which Entegrus is authorized to provide electricity distribution services.

The application has been considered by the Delegated Authority without holding a hearing pursuant to section 6(4) of the OEB Act.

Entegrus has requested the amendment include the subject area described as:

- 50 Carroll Street West, consisting of Lot 16 and Part Lot 21, Concession 9, in the municipality of Strathroy-Caradoc, County of Middlesex

The proposed service area amendment is necessary for Entegrus to provide electricity distribution services to vacant land, owned by the Litera Group, for a residential development comprising of 41 services (townhouse residential dwellings).

The evidence filed with the application indicates that the subject area is currently located in the service territory of Hydro One Networks Inc. (Hydro One). It was determined by both distributors, that it is more economically efficient to connect the customer to Entegrus' distribution system, as it represents the lowest cost of connection and avoids duplication of distribution assets in the area. Hydro One has confirmed its support of the application through a consent letter filed as part of the application. The application indicates that the developer, Litera Group has requested Entegrus provide distribution service to the subdivision.

The evidence submitted stated that no assets will be stranded as a result of the proposed amendment. The evidence also shows that the rates of both distributors will be unaffected and there will be no effect on safety, reliability or service quality.

Based on the evidence, the OEB finds it to be in the public interest to approve the service area amendment proposed by Entegrus. Hydro One's distribution licence ED-2003-0043 does not need to be amended given the manner in which Schedule 1 of Hydro One's licence is presented.

IT IS ORDERED THAT:

1. Entegrus Powerlines Inc. electricity distribution licence ED-2002-0563, specifically Schedule 1 of the licence is amended to include the following:

The “Entegrus Powerlines Inc. Rate Zone” to include subject area described as:

- 50 Carroll Street West, consisting of Lot 16 and Part Lot 21, Concession 9, in the municipality of Strathroy-Caradoc, County of Middlesex

The amended licence is attached to this Decision and Order.

DATED at Toronto October 27, 2022
