Dear Ms. Marconi,

Regarding: 2022 Cost of Service Application (EB-2022-0022)

On November 1, 2022, Coopérative Hydro Embrun Inc. filed an updated settlement agreement with the OEB in order to reflect updated cost of capital parameters and other updates as contemplated and agreed to in the original settlement agreement submitted by the parties on June 24, 2022, and accepted by the OEB on July 19, 2022. We have since learned that, rather than file an updated settlement agreement, we are to file a Draft Rate Order reflecting the original settlement in combination with the updated cost of capital parameters and other updates.

Accordingly, we ask that the updated Settlement Agreement filed on November 1, 2022, be withdrawn from the OEB's filing system; in the meantime, we will draft and file the required Draft Rate Order for review by the OEB and VECC (the single intervenor in the application) as soon as possible.

Yours very truly,

A handwritten signature in black ink, appearing to be "Benoit Lamarche", written in a cursive style.
