Re: **Reporting and Record-keeping Requirements (RRR) Consultation – Deadline Extension**
Ontario Energy Board File Number: EB-2022-0267

On October 24, 2022, the Ontario Energy Board (OEB) issued a letter to launch the above-mentioned consultation which, among other matters, provided details on how interested stakeholders can participate in this consultation and invited stakeholders to a virtual meeting on **November 23, 2022**, from **9:30 a.m. to 12:30 p.m.**

In order to ensure there is valuable input from all interested stakeholders, this letter is being shared with an extended audience. Stakeholders who would like to participate in the consultation should refer to the details in the [October 24, 2022, letter](#).

The OEB has accordingly revised the dates for the filing of cost claims and any objections as shown below:

1. Any person intending to request an award of costs must file with the OEB a written submission to that effect by **November 16, 2022**.
2. If a licensed rate-regulated electricity distributor has any objections to any of the requests for cost eligibility, such objections must be filed with the OEB by **November 22, 2022**.

Any questions relating to this letter should be directed to Performance Analytics & Reporting team at performance_reporting@oeb.ca. The Board's toll-free number is 1-888-632-6273.

Yours truly,
