Dear Ms. Marconi:

**Re: Enbridge Gas Inc. Ontario Energy Board File: EB-2022-0157
Panhandle Regional Expansion Project
Response to Pollution Probe Correspondence**

This letter is in response to the November 3, 2022 Pollution Probe letter in which Pollution Probe provided commentary as to the applicability of EBO 134 and EBO 188 and the need for clarification prior to the OEB's determination on the proceeding schedule proposed by Enbridge Gas in its letter of November 2, 2022. The issue raised by Pollution Probe regarding the applicability of EBO 134 and EBO 188 is purely one of argument that Pollution Probe can raise in the ordinary course and no direction is required from the OEB prior to the OEB's setting of procedural dates.

Yours truly,

Charles Keizer
