Please, do not raise the natural gas rates. There is no way that I can afford to pay more for gas. I am retired and on a fixed income. Everything else is going up. When I go shopping, at least I have a choice. With gas and electricity, I do not. I need to heat the water, the apartment and I need to cook.

Final thought: I did not decide to sanction Russia over Ukraine or cause inflation and the approaching recession. As a citizen, I can speak up but have no final say. It is shocking how our economy is sent to hell by decisionmakers in the world who have no regards for our basic needs.
