Enbridge has seen record revenue in the last 4 quarters that exceed \$31 billion dollars amounting to almost twice the revenue earned vs. 10 years ago. Enbridge has grown their profit margins from ~20% to ~40% at our expense. Heating your home is a necessity of living comfortably in Canada, especially in Northern parts of the country, and further profiteering this essential life sustaining service puts low income minorities, seniors, and the sick at risk. It further adds to the pressure on Canadian's limited income and increasing cost of living during these inflationary times. I ask the Ontario Energy Board to put the well being of Canadians ahead of Cooperate greed. Thank-you.
