Dear Ms. Marconi,

RE: EB-2022-0200 Enbridge Gas Inc. 2024 Rebasing Application
Intervenor Status and Cost Eligibility Request Letter

Otter Creek Co-operative Homes Inc. hereby applies for intervenor status and cost eligibility in the EB-2022-0200 proceeding, the application by Enbridge Gas Inc. to the Ontario Energy Board (OEB) for the approval of its 2024 rebasing.

Otter Creek Co-operative Homes Inc. (Otter Creek) is a not-for-profit housing provider in the Town of Whitby, Regional Municipality of Durham. Otter Creek is an 84-unit townhome complex, serving the needs of members who are on assistance or low income. Otter Creek has 70% of its members on Rent-Geared to-Income under the *Housing Services Act, 2011, S.O. 2011, c. 6, Sched. 1, O. Reg. 298/01*.

Otter Creek's interest in this proceeding is the direct impact Enbridge's application will have on its members. Otter Creek will be interested in the aspects of this proceeding with respect to ensuring that rate levels, structures and terms and conditions of service and incentive rate-setting mechanism proposals are fair and reasonable.

Otter Creek supports the request by Enbridge for an oral hearing and wishes to be an active participant at the hearing. Otter Creek is also available for a virtual hearing if that is the optimal choice.

As Otter Creek is a non-for-profit housing provider, it requests a cost award in this proceeding and expects to participate in a reasonable and responsible matter, in accordance with the OEB's guidelines regarding cost awards.
