**Re: Board File No. EB-2022-0045
Enova Power Corp. - Licence No. ED-2022-0006
Interrogatory Responses**

Dear Ms. Marconi:

On August 3rd, 2022, Kitchener-Wilmot Hydro Inc. filed its IRM Application (EB-2022-0045) for 2023 rates. On September 1st, 2022, Kitchener-Wilmot Hydro Inc. and Waterloo North Hydro Inc. merged to become Enova Power Corp. (EB-2022-0006).

Enova Power Corp. (Kitchener) received the Draft Decision and rate generator model and GA workform files on November 24th, 2022. Enova Power (Kitchener) has reviewed the rate generator models and notes that the Notice of Switch charge listed on Tab 17 is \$2.23 but that same charge appears on the Tariff of Rates and Charges as \$2.15. The Tariff of Rates and Charges should be updated to \$2.23.

There are no other concerns with the Draft Decision, model or workform.

Contact the undersigned should you require any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Nanninga", written in a cursive style.
