Enbridge has increased my EBP from \$120 per month to \$216 and claims from October to Nov we have used double the gas. This is highway robbery. There is no way we used an increase of that much gas. Every month there is something else fishy on my bill. I have never had any trouble when we had Union Gas as a provider. You need to do an inquiry into this business and figure out what is going on. They are ripping customers off in the tune of millions of dollars. They will be reported to the BBB when I am done with this message
