RE: Enbridge Gas Inc.
2024-2028 Natural Gas Distribution Rates (EB-2022-0200)
Request for Intervention

Enbridge Gas Inc. (“**EGI**”) has applied for approval of rates for the sale, distribution, transmission, and storage of gas commencing January 1, 2024 (“**Application**”). As part of the Application, EGI plans to wind down the Open Bill Access (“**OBA**”) Program as of October 31, 2024 and requests the extension of existing financial terms of the OBA Program for 10 months until October 31, 2024. Enercare Home and Commercial Services Limited Partnership (“**Enercare**”) hereby requests intervenor status in the Application pursuant to section 22 of the Ontario Energy Board’s *Rules of Practice and Procedure*.

Enercare is a Canadian-owned home and commercial services and energy solutions company and is a direct participant in the OBA Program.

Enercare actively participated in EGI’s Open Bill Access Services Proceeding (EB-2018-0319) and has a substantial interest in the extension and eventual wind down of the OBA Program. As such, the outcome of this proceeding will have a direct impact on Enercare.

Enercare intends to participate in all aspects of the proceeding but will limit the scope of its intervention to matters related to the OBA Program. Enercare does not intend to seek an award of costs for participating in this proceeding.

Please send further communications with respect to this matter to:

Enercare Home and Commercial Services Limited Partnership
