**RE: EB-2021-0002 – EGI 2022-27 DSM Framework and Plan
FRPO Request for Late Filing of Cost Claim**

We are writing to request the opportunity to submit our cost claim in the DSM proceeding after the ordered deadline.

We received the Board's decision in this matter and frankly focused on outcomes of the decision. With other client matters including the substantial filing of the EGI 2024 Rebasing proceeding evidence, we missed noting the deadline for cost claims in DSM proceeding. We apologize for the inconvenience of our omission and request that the portal be opened to allow our claim to be submitted.

Thank you for your consideration of this request

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
